

The High Coast and Luleå

UNIQUE SCENERY AND THE MIDNIGHT SUN

Discover the World Heritage Site, the High Coast, with time ashore in Härnösand and the midnight sun in Luleå during a unique cruise, where we, as the only cruise company in the world, sail between the islands of the High Coast's beautiful archipelago.

During the cruise, we dock at the seaport town of **Härnösand**, which was voted Norrland's best and Sweden's third best summer town by readers of the travel site Reseguiden.

We continue northwards to another coastal city, namely **Luleå**, way up in the Bay of Bothnia, with the midnight sun, four elite sports teams in the highest leagues, universities, award-winning restaurants and just 160 kilometres from the Arctic Circle.

During the cruise, you can experience the beautiful Norrland coast and the world's highest coastline in a completely new way, as we make the four-hour journey through the archipelago from Härnösand through Sannasundet to the High Coast Bridge, via the fermented herring paradise of Ulvön and Trysundaön up to Skagsudde.

If you would like to experience even more, you are welcome to join one of the many exciting **excursions** ashore, which are always conducted by local guides. Are you interested in culture, history or local delicacies? Just pick and choose!

All of your experiences ashore will be rounded off by a wealth of experiences on board. Great food, dance, music, entertainment, shopping, activities for all tastes, spa treatments, the midnight sun and a perfect view of the sea.

You will find the itinerary and more information below.

INTINERARY DAY BY DAY

Day 1

We start with a summer party and a wonderful atmosphere on the sun deck as we slowly sail out of Stockholm. During the Captain's cocktails, you will meet many of the personnel who will be taking care of you during the trip. In the evening, you are welcome to enjoy a delicious three-course welcome dinner. A little later in the evening we offer entertainment and dancing.

Day 2 – The High Coast and Härnösand

We wake up in Härnösand – The High Coast's southernmost coastal town. The ship will be docked a stone's throw from the town centre with preserved wooden houses and marine history in the midst of the town. Stroll around the town, sit down at a café or, if you would like to experience even more of the unique High Coast, join one of our guided excursions. In the evening, a delicious three-course dinner awaits as we sail at a leisurely pace through the archipelago. We promise you a view that does not exist anywhere else in the world!

NB! At Midsummer, the shuttle buses also go up to the Midsummer celebrations at Murberget!

Day 3 – Luleå

A new day, a new destination! We are in Luleå, just 160 kilometres from the Arctic Circle and the northernmost point of the Bay of Bothnia. We offer several enjoyable excursions with different themes.

During the Midsummer cruise we spend Midsummer Day in Luleå. At 15:00, we leave Luleå and continue our cruise with activities, entertainment and a delicious 3-course meal. Enjoy the light and go dancing on a beautiful summer's night.

Tips for passengers who are travelling at Midsummer: Why not go on one of our excursions, as most places in Luleå are closed on Midsummer Day?

Day 4

We spend our last day of cruising at sea. Join the on-board activities, make sure to take advantage of our duty-free prices, relax on the sun deck or spoil yourself with a wonderful treatment in our beautiful spa on deck 10. You can take it easy for a while in our outdoor jacuzzi with an amazing view of the Stockholm Archipelago and the approach to Stockholm before we return to Stadsgårdskajen. Many experiences richer.

Menus

Will be available at the end of February.

GETTING TO AND FROM THE SHIP

Härnösand: The ship is docked at Djuphamnen, about 700 metres from the town centre – a short walk of about 10 minutes. We also provide free shuttle buses to/from the town centre. NB! There may be queues for the shuttle bus if everyone wants to travel at the same time. Alternatively, to avoid queuing, you can always walk back to the ship or take a taxi.

Luleå: The ship docks in Södra Hamnen, in the centre of Luleå.
